		<b>Keynote Speaker 1</b>  Yang Mulia Datin Dr Hajah Anita Binurul Zahrina binti Pehin Orang Kaya Laila Wijaya Dato Seri Setia Haji Awang Abdul Aziz <i>Vice Chancellor and President, Universiti Brunei Darussalam</i>  <b>Rising up the Ranks</b>  <i>Universiti Brunei Darussalam has gone from unranked just 4 years ago to joining the QS Asia Rankings at 171<sup>th</sup> in 2014 and more recently entering the QS World Rankings at 349<sup>th</sup> in 2017. UBD's journey of rising up the ranks so far is filled with lessons that will guide the way forward in the future. As Sir Michael Baber et. al, (2013) noted in "An Avalanche is Coming", there is a progressive reduction in funding for higher education worldwide from governments, increasing competition from international and "for profit" universities, and with the expansion of internet learning and qualifications, universities will have to incorporate radical changes, tap on new opportunities and "ponder anew" to meet these challenges. This keynote highlights on the transformation on the way we teach and learn, and shift from a primarily teaching university to a university of research and enterprise.</i>
